

**CANDIDATE FOR CITY COUNCIL MEMBER  
CITY OF HIGHLAND**

**NAME: LARRY MCCALLON**

**AGE: 66**

**OCCUPATION: Highland Council Member**

I am honored to be serving you as a Council Member. I ask for your vote so that I can continue the vision I have for our great city.

During this past four years much has been accomplished:

Five new Police Department positions, Five new firefighter positions, New Fire Station constructed, Four new parks added, Seven major safe routes to schools projects have been done, Athletic Center added to Community Center, New library construction started, New Stater Bros market added, General Plan updated to guide our future growth.

My continuing goals are to:

- Provide safe streets with strong law enforcement.
- Protect our children with safety improvements near our schools.
- Provide expanded recreational opportunities and facilities.
- Maintain property values with strict code enforcement, good fire protection, appropriate residential growth, and neighborhood rehabilitation.

Attract high quality businesses to our commercial areas to provide local job opportunities and an enlarged tax base so, as City costs go up, frugal City Budgeting can continue with no debt.

Balance economic development with quality of life.

To accomplish these goals, I ask for your vote! Together, we will keep Highland a good place to live, work, shop and raise our families.
